

## Unbraked trailer safety hitching checklist

For trailer tent, folding campers and luggage trailers without brakes

- ✓ Connect secondary cable (or safety chain)
- ✓ Raise hitch handle, lower trailer hitch onto tow ball and ensure handle locks down
- ✓ Check unit hitched safely
- ✓ Jockey wheel - Wind down to apply load to hitch
- ✓ Where no jockey wheel is fitted apply an upward force to the hitch
- ✓ Jockey wheel (if fitted) - Stow
- ✓ Connect tow electrics
- ✓ Road lights - Check working
