

# MEETS & TEMPORARY HOLIDAY SITES

**Did you know that in addition to the exemption we hold that permits the operation of your Certificated Site, we are also able to permit landowners to use their land for temporary camping events called Meets or Temporary Holiday Sites?**

If you don't already have a Meet field registered with us but have land in addition to your Certificated Site then make the most of our exemptions by operating both types side-by-side.

A Meet can last from 2 to 5 nights and is organised by one of our Club Units. They will arrange everything from booking the field with you, to stewarding the event when it takes place. The maximum number of units permitted to attend the Meet is determined prior to the event, based on the size of the area available. You can negotiate your charges with the organiser of the event; usually a fixed price is agreed upon, or a charge per attending unit.

Only members of our Club can attend a Meet so you can rest assured that your land is in the best hands. And, as with your Certificated Site, there

is no planning permission required by your local authority, no administration work for you and the fees are yours to keep.

A Temporary Holiday Site lasts from 6 to 28 nights and works much in the same way as a Meet does above. The main difference, apart from the duration, is that facilities such as a chemical disposal point needs to be provided (facilities on your CS can be used) and non-members can attend when staying in a Member's unit as a guest.

For more information or to register as having a Meet/THS field available just call our dedicated Exempted Camping team on 024 7647 5198, available Monday to Friday 8.45am – 4.45pm, or email us at [exemptions@campingandcaravanningclub.co.uk](mailto:exemptions@campingandcaravanningclub.co.uk)
