

# ➡️ CREATE A ⬅️ SAFARI TENT CAKE

For a little fun, we have created a safari tent cake baking challenge for the whole family... So get the aprons out and have a go!

## INGREDIENTS:

- 1 x Cake Mix (pre-made or you can make it yourself)
- Cupcake cups
- 1 x Spreadable Icing
- 1 x Chocolate Fingers
- 1 x Tube Icing (any colour you like)
- Large marshmallows
- Wafers

### STEP ONE.

Once your cake has been mixed, pour an equal amount into several cupcake cups and bake as per package instructions until golden brown and leave to cool.

### STEP TWO.

Spread a good layer of icing all around the cupcake until completely covered.

### STEP THREE.

Place a large marshmallow on top of the cupcake and carefully secure it with a little icing on the left and right of it.

### STEP FOUR.

Place three chocolate fingers on each side of the cupcake pushing them into the icing and marshmallow to hold them in place.

### STEP FIVE.

Using six chocolate fingers and icing to hold, place these across the top to make a roof, allow the finger to meet in the middle, if some of the finger hangs over, that's ok.

### STEP SIX.

Add more icing to secure where required. Using the icing tube draw the safari tent door and use any other decorations you wish.

### STEP SEVEN.

Place the cupcake on a plate and using the tube icing draw out the decking just for dramatic effect. Pop in the fridge and enjoy!
