

SITESEEKER 2017-18

Due to a production error, a small number of grid references published in the SiteSeeker 2017-18 book were incorrect. This specifically refers to the Certificated Sites in the book's listings section for the South East region (pages 425 to 445), and the 13 Club Sites beginning with 'S' on the Club Sites Index (page 530). To correct them we have produced this page for you to insert into your copy of the SiteSeeker book.
