Description

FIELD WALKING ON THE RETURN ROUTE

This pleasant circular walk links Beadnell Bay and Seahouses on the lovely Northumberland coast. There is some road walking and some coastal walking and plenty of opportunities to get something to eat and drink at both Beadnell Bay and Seahouses.

As well as following the coastline the route also crosses a series of pretty farm fields where you feel very remote

despite being quite close to civilisation. If using a GPS the mileage will read 7 miles and the route should take you no more than about 3.5 hours.

Make sure you choose a day of good clear weather to get the most from the route and take along Ordnance Survey Explorer Map 340 Holy Island and Bamburgh to help along the way.
