Your arrival on site:

The nearest train station is Shrewsbury 12 miles from site. There are two bus services available; one from the site entrance running every 2 hours and one approx 300 yards away with a 30 minute service. Both operate between Oswestry and Shrewsbury and have Easy Access Low Level floors. Park and Ride operates Monday – Saturday into Shrewsbury and is located approx 4 miles from site. New arrivals pull up next to reception area. There is a large parking area which doubles as over night parking. There are no spaces designated for disabled people.

Your Check In:

Access to reception is on one level. The Reception door is 810mm wide with a lever handle at a height of 1000mm. The reception counter is 950mm high and has a lower section of 290mm high. The counter is not currently fitted with an induction loop system. There is a total manoeuvrable area of 2250x2330mm and site staff will be present to help with shop goods. If reception is closed there is a bell, 1600mm from ground level, that is connected to the duty staffs living area. After checking in there is a barrier leading to the site that is closed between the hours of 2300 and 0700. There is unrestricted pedestrian access at all times.

Your Pitch:

The site offers a mixture of hard standing pitches and traditional grass pitches, the majority of which are serviced. Assistance with pitching will be offered. There are no permanently designated pitches for disabled although a range of pitches in close proximity to the facility block. All pitches lead onto compacted gravel roads which are used by both vehicles and pedestrians.

Your facilities (non-disabled):

The park has one centrally heated amenity block located to the right-hand side of the entrance and has level access to all areas with tarmac paths to highlight transition from road to pathway. Both male and female facilities have a step entrance of 60mm. Entrance is through a push door which is 800mm wide and exit is by pulling the door handle which is 950mm from the floor.
